To,  
The Manager-Listing  
BSE Limited  
Phiroze Jeejeebhoy Towers,  
Dalal Street, Mumbai – 400001

Respected Sir/Ma'am,

**Sub: Disclosure under Regulation 30 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Intimation about M/s Solarium Green Energy Limited collaborate with M/s WattPower Systems Private Limited**

**Ref: Solarium Green Energy Limited (Security Id.: SOLARIUM, Security Code: 544354)**

With reference to the above-mentioned subject, we would like to inform you that Solarium Green Energy Limited has Joins Hands with WattPower as a value-added partner.

The Company has teamed up with WattPower Systems Private Limited to significantly expand the distribution network of high-quality solar inverters across Madhya Pradesh and Maharashtra. This strategic collaboration aims to accelerate solar energy adoption under various Ground-Mounted Schemes, providing urban and rural communities with reliable, clean, and sustainable energy solutions.

As WattPower's Value Added Partner, Solarium will leverage its deep regional expertise, strong on-the-ground presence, and dedicated support to ensure last-mile delivery and successful implementation of a high-efficiency solar technology product. Together, we are committed to offering access to solar energy throughout India and powering a greener future.

#### **About WattPower Systems Private Limited:**

Wattkraft Group is a leading renewable energy company with a strong presence in 17 countries across Central & Western Europe and South Asia and have cumulatively delivered over 17 gigawatts of clean, green, carbon-neutral energy across various geographies. One of the key strengths of Wattkraft Group is its expertise in project development and strong partnerships with major component suppliers. Wattpower serves as its manufacturing arm and was founded in Germany in 2013 and began operations in India from 2022-23. It focuses on advanced solar technology, offering advanced solutions to improve the efficiency and performance of solar power systems, and was among the first to introduce String Inverters in large-scale projects in India and around the world.

#### **Product – WP-330KTL-H1:**

The Wattpower WP-330KTL is a high-efficiency Smart String Inverter with a maximum efficiency of  $\geq 99.0\%$ . It supports a maximum input voltage of 1,500V, has 6 MPP trackers, and a nominal AC active power of 275,000W. It includes multiple protection features and supports USB, MBUS, and RS485 communication. It operates in a temperature range of  $-25^{\circ}\text{C}$  to  $60^{\circ}\text{C}$  and is IP66 protected.

#### **Market Size:**

As of now Wattpower has around 15 GW of Market share, serving customers like Adani Green Energy, SNS (Channel Partner), Torrent Power, Greenko etc.

We further wish to inform you that a formal agreement with WattPower will be executed shortly and the same shall be duly disclosed to the Stock Exchange in compliance with applicable regulations.

We request you to kindly take the above information on record.

Yours faithfully,

For, Solarium Green Energy Limited
